Emulsions

Emulsions give your beverage the desired cloudiness, authentic color and taste. Beverage emulsions are concentrated emulsified systems designed to be further diluted and/or incorporated in beverages and drinks as carriers of water insoluble ingredients.

We have been perfecting the development of innovative emulsion systems for decades. For example, we are experts in stable oil-in-water emulsions, while our portfolio also includes flavour, color, clouding and all-in-one beverage emulsions for your beverage applications

What makes SMC the best partner for innovation in your CSD projects

- ♦ Decades of experience in the market and extensive expertise in the food and beverage industry.
- ♦ Market knowledge and awareness of customer preferences.
- ♦ Short development and supply lead time.
- ♦ Customized flavour development services.
- ♦ Portfolio of diverse flavour taste profiles.
- ♦ Comprehensive service solutions: Innovation Services, Quality & Food Safety Solutions, Supply Chain Services, and Technical Services.
